'Public Policy Advocacy' Policy

GTPL is committed to engage in the public policy advocacy process in a responsible and ethical manner; abiding by the law of the land; and creating shared value for our shareholders, employees, customers and associations in which we operate.

We consider it our responsibility to contribute to more informed decision-making through collaborative processes with government and other authorities so that the common goal of all stakeholders and peers are met in a reasonable manner.

Guiding Principles:

The Policy on Public Advocacy specifies the guidelines for transparent and responsible interactions by authorized representatives of GTPL and its subsidiaries in all advocacy actions with internal and external stakeholders.

- Ensure involvement of the compliance officer at GTPL under public policy advocacy as he is the designated authority for any consultation procedures.
- Promote good corporate governance by having constructive conversations with the government, policymakers, regulators, federations etc. that is aligned to company's code of conduct.
- Transparency, accountability, strong corporate governance standards, and ethics must be prioritised in all advocacy interactions.
- Ensure that our policy advocacy positions encourage fair practices and development of just society professionally.

Procedure for communicating with Regulatory Authorities:

- ✦ Consultation papers are sent by Telecom Regulatory Authority of India (TRAI) to the designated compliance officer of GTPL.

After receipt, the paper is circulated by Legal department to all concerned stakeholders for their inputs. Also, if required meeting is scheduled for exchanging ideas/inputs on all relevant aspects involving interdepartmental facets.

- ✦ Being an active member of All-India Digital Cable Federation (AIDCF) India's apex body for multi system operators (MSOs) representing the top 15 MSOs, a conference is regularly arranged where all members share their individual points of view.
- ✦ Basis Inputs preliminary draft is prepared recording the response to the questions that impacts/stands relevant to our business and is circulated to all concerned stakeholders for confirmation.

- ✦ Once confirmation is received, the final response is printed on applicable letterhead (GTPL Hathway Limited/ GTPL Broadband Private Limited, or such other subsidiary company, as the case may be) and signed and scanned copy of the response is shared with the Authority on the E-Mail address specified in the Consultation Paper, through the registered mail address of the Compliance Officer.
- ✦ The responses to the Consultation Paper that are shared with the Authority by all companies/ individuals/associations are published on the website of TRAI. We also compile and go through the responses of other such business entities/ individuals and if required we also document and submit a counter-comment response to TRAI after having a discussion with all the concerned stakeholders.
- ✦ An open house discussion (OHD) with respect to each CP is also scheduled by TRAI inviting all concerned stakeholders. Legal department shares the OHD link and schedule with all the concerned representatives of the company and the said OHD is attended by such representatives on the scheduled date and time.

The policy will be reviewed for appropriateness on a regular basis and revised as needed.
